PROFESSIONAL SUMMARY

Frontend Developer with 4+ years of experience developing responsive, high-performance web applications using React.js and ASP.NET (ASPX). Skilled in JavaScript (ES6+), React Hooks, component-based architecture, HTML5, CSS3, Bootstrap, Tailwind CSS, and frontend optimization. Delivered 200+ projects, improved website performance by up to 40%, and achieved 90+ SEO scores through technical SEO and performance enhancements. Proven ability to manage end-to-end development, website deployments, and project delivery while mentoring junior developers.

WORK EXPERIENCE

Frontend Developer

Dots & Coms

Nov 2022 – Present

Vadodara, GJ, IN

- Delivered **200+ front-end projects** including new builds, redesigns, and long-term maintenance.
- Developed and scaled **React.js** and **ASP.NET** applications using reusable components, hooks, and modular architecture.
- Converted **Figma** and **Photoshop** designs into **responsive, mobile-first, pixel-perfect interfaces** using React.js, Tailwind CSS, and Bootstrap.
- Implemented **SEO strategies** using SEMrush and SiteChecker, consistently achieving **90+ SEO scores**.
- Optimized performance using **code splitting, lazy loading, and best frontend practices**, improving page speed by up to **40%**.
- Led **80+ projects end-to-end**, managing development, testing, deployment, and performance monitoring.
- Handled end-to-end website deployment and production updates using FileZilla.
- Mentored junior developers, improving team productivity and enabling independent project delivery.

Frontend Developer

Technobits Digital

Jul 2021 – Aug 2022

Vadodara, GJ, IN

- Contributed to projects including **cryptocurrency platforms, dashboards, CRM systems, and web applications**.
- Developed **React.js** applications using **React Hooks, React Router, reusable components, and form validation**.
- Built responsive, cross-browser interfaces using HTML5, CSS3, Bootstrap, JavaScript, jQuery, and Django.
- Improved search rankings using SEO strategies and Ahrefs, and created responsive email campaigns via EasySendy.
- Collaborated using **GitHub** for version control and team workflows.
